

Example stakeholder meeting survey

Provide the following questions to stakeholders as a pre- and post-meeting survey

Q1 Which of the following aligns most closely with the group you are representing at this meeting?

- Industry
- Private Business
- Academia
- State Government
- Federal Government
- NGO
- Non-Profit
- Other (please specify)

Q2 How many vessels (or vessel owners) do you or your organization manage or interact with on a regular basis?

- 0
- 1-5
- 6-10
- 10-25
- >25

Q3 Do you or your organization use bathymetry data (e.g. seafloor depth), such as navigational charts, on a regular basis?

- Yes
- No
- Maybe/Unsure

Q4 Does your organization participate in any other crowd sourced data collection or citizen science initiatives?

- Yes
- No
- Maybe/Unsure

Q5 Did you review any of the outreach materials about crowdsourced bathymetry prior to the meeting?

- Yes
- No

Q6 Do you think seafloor depth (bathymetric) data are critical to coastal management?

- Yes
- No
- Maybe

Q7, 8, 9 How important do you think crowdsourced bathymetry is to:

	Not at all important (1)	Slightly important (2)	Moderately important (3)	Very important (4)	Extremely important (5)
Better mapping dynamic coastal areas	☐	☐	☐	☐	☐
Updating nautical charts	☐	☐	☐	☐	☐
Improved and quicker responses to coastal disasters	☐	☐	☐	☐	☐

Q10 Are you aware of other relevant applications of crowdsourced bathymetry not listed in the previous question? If so, please briefly list below; If not, write N/A.

Q11 Rank which outreach items you would most prefer to use for learning more about crowdsourced bathymetry programs

- _____ A website with brief, concise information
- _____ Short (2-4 min) videos with concise information
- _____ Written documentation (e.g. standard operating procedures, program outlines)
- _____ Longer (5-10 min) videos with more comprehensive information
- _____ 1-page flyers about different topics

Q12 Are there other outreach materials not listed above you would prefer?

Q13 If you were a participant in a CSB program, would you be willing to share your data with the public?

- Yes
- No
- Maybe/Conditional

Q14 If you were to participate in a CSB program, would you be willing to install a logger yourself aboard your vessel(s) which would require opening your electronics console(s)?

- Yes
- No
- Maybe

Q15 If no, what is/are your reason(s) or concern(s)? Check all that apply.

- Too much of a time commitment
- Don't have enough technical expertise
- Concerned about breaking or damaging other electronics
- Not my responsibility
- Other (please elaborate)

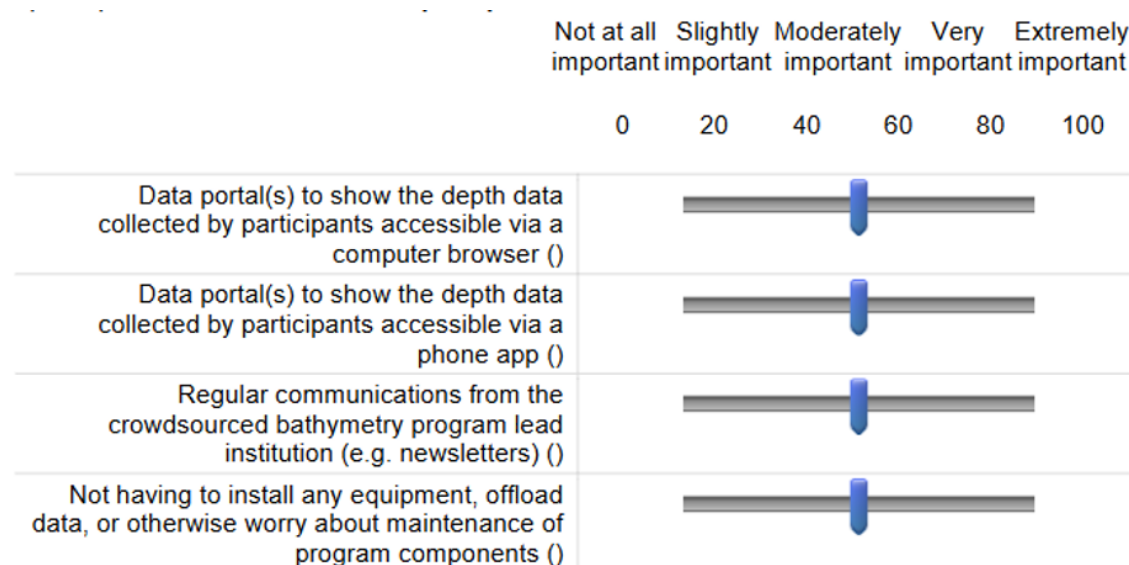

Q16 If a certified marine technician was available to complete the installation, would you be amenable to installing a logger?

- Yes
- No
- Maybe

Q17 If you were a participant in a crowdsourced bathymetry program, how many hours per month would you be willing to devote to the program such as copying and sending data, reading updates about the program, and attending occasional stakeholder meetings?

- 0 / not interested
- 1-2
- 2-5

Q18, 19, 20, 21 How important do you think the following items are for sustaining and encouraging long-term participation in crowdsourced bathymetry?

Revision #2
